[REDACTED] INTERPOSES NO OBJECTION TO USE OF STANDARD THICKNESS
POLYESTER BASE FILM. WHAT IS ACTUAL THICKNESS OF STANDARD DUPLICAT-
ING FILM PREVIOUSLY USED AND THAT OF STANDARD THICKNESS POLYESTER
BASE FILM? IS DIFFERENCE OF SUCH A MAGNITUDE THAT CONSIDERABLE MORE
FILM COULD BE PLACED ON EACH SPOOL, THUS REDUCING NUMBER OF SPOOLS
AND SAVING STORAGE SPACE. PLS ADVISE AS TO HOW MUCH MORE COULD BE
PLACED ON SPOOLS IF LATTER USED.
